Introduction 1

01 Getting to grips with the basics 12

A relentlessly changing world of work 12

A new basic truth 15

Forget what you know 17

What is an organization anyway? 18

End users 19

Dynamic systems 23

Do the right things – for the right reasons 24

Making a connection 27

Thoughts on seriousness 32

Doing it 35

Task 2: what's the point? 40

References 41

02 Building your structure 42

Movements as communities 42

When people thrive, organizations do too 43

The problem with hierarchy (is not what you think) 47

Organizations as platforms 49

The right experience 52

Beyond culture 54

Just enough structure to thrive 56

Freedom within parameters 59

Your minimum viable organization 64

Design thinking 67

Task 3: unleashing freedom within parameters 70

The main thing 72
Purpose 78
Behaviour not values 82
Contribution over attendance 84
Finding people 86
Talented communities 89
Multi-talented people 93
A question of value 95
Thriving people 100
Predictive analytics 102
Unleashing people 105
Feedback 108
Money 111
Take your pick 113
Task 4: defining behaviours 114
References 115
- 04 In all the right places 116**
A few thoughts on place 116
Physical user interface/user experience 118
Workplace as a clubhouse 119
Intensity of connection 120
Working from home 124
Being part of something 126
Places for people 129
Designing on evidence 130
Workstyles and settings 134
Put the slide to bed 136
Waving goodbye to desks? 137
Stop giving open plan a hard time 138
Workplace as a service 140
Unlocking traditional benefits too 140
Task 5: places for people 141
References 142
- 05 Turning it into action 143**
Unleashing work 143
Actions speak louder than words 150

Living and breathing it 153
Contribution, productivity and output 154
Creative work 156
Fostering creativity 160
Thinking and acting by design 171
Task 6: brainstorming your action plan 173
Reference 174

06 Communications and technology 175

Not the answer (part of the question) 175
Enabler of better things 176
Building (not burning) bridges 177
Automation is not your enemy 179
Task 7: reviewing what you have 182
Reference 182

07 Getting there: making the change 183

Making it real 184
Approaches to driving change 186
Why change is important 190
Change checklist 191
Start small 192
The price of change 196
Making change human 197
Making change work 200
Positive activism 204
Evolution through revolution 205
Task 8: introduction to Discover – Imagine – Create 206
References 207

08 Final thoughts 208

Enabling people is the only requirement 208
A quick recap 209
Build: some final thoughts 210
The last word 212
